

Cloudhead Games is seeking a **Senior UI Artist!**

Cloudhead games is a VR game studio based in beautiful Qualicum Beach on Vancouver Island, where we are focused on bringing the most advanced virtual reality experiences to the VR market. With over five years of VR research and development we have created innovative solutions and award-winning content, proving the capabilities of this new medium.

As a Senior UI Artist, you will be responsible for producing exceptional 2D & 3D graphics, menu screens, HUD, branding, and interface graphics geared towards Virtual Reality. You are highly creative, and have a background in graphic design with strong visual sensibilities.

Dedication and excitement for VR runs deep within our company, so please bring the passion to match.

Responsibilities:

- Craft aesthetically pleasing and functional User Interface art assets to a high quality that align with and push the art direction of existing and new games
- Translate gameplay ideas into visual functional UI designs
- Take part in regular art discussion, critiques and reviews
- Collaborate closely with the Creative Director, Art Lead and key members of the team to create and implement user interfaces into the game engine
- Support the Marketing/Business team with marketing/social media materials ie. storefront assets.

Qualifications:

- 5+ years experience in User Interface design and/or Graphic Design with video games, mobile apps or on the web
- Portfolio showing User Interface Design for 2D/3D games or interactive applications with varying visual styles
- Expert knowledge of Adobe Photoshop and other graphic design tools
- Exemplary oral and written communication skills
- Excellent presentation skills to communicate design decisions
- Experience with 3D game engines like Unity 3D
- Have a genuine enthusiasm and interest in VR games
- Must be eligible to work in Canada

Bonus if you possess:

- Concept Art and/or Illustration experience
- Experience with UX Design: Wireframes, Concepts, and Style Development
- Experience working on VR platforms
- Willing to relocate to Vancouver Island
